

THE COMMUNITY NEWS

Fusion Cares for You During COVID19

We hope you and your family are staying safe and healthy during these challenging days. In support of our community, we continue to actively monitor best practices to keep you and our team members as safe as possible as the country slowly starts to reopen. Here are some of the measures we are taking:

- Additional signage installed around the community reminding us all to follow social distancing, no guests or visits to the common areas if you are experiencing flu-like symptoms, and the requirement of wearing face coverings when outside of your apartment
- Safety guidelines built into our maintenance service/work orders procedures, to include the requirement of our maintenance techs wearing masks, gloves, and eye protection while in your apartment, as well as the practice of social distancing, confirmation of non-flu-like symptoms, and proper air circulation while conducting the work orders
- Careful review when considering reopening or reclosing (if necessary) of the community amenities and front office for in-person interactions
- As we reopen the amenities, the following measures will be in place:
 - Increased common area cleaning (already in place)
 - Decreased capacity to promote proper social distancing
 - Additional cleaning/ disinfecting products will be made available for your use at each amenity area
